TDG – Transportation of Dangerous Goods

3.5 hours

Upon completion of this course you will be able to:

- Understand the requirements of the TDG system for employers, consignors, carriers and consignees
- Assess the requirements for training and certification of employees with TDG duties
- Understand Transport Canada's inspector role and what your rights are
- Establish effective procedures for the classification and documentation of dangerous goods
- Know when shipments are either exempt or partially exempt from the TDG system
- Select the appropriate means of containment
- Ensure that the correct safety marks are applied on the means of containment
- Develop systems for appropriate emergency planning and response
- Know when special reports are required
